

Grid Dynamics Deepens Partnership with Microsoft by Earning Coveted Specialization in the Azure Migrate and Modernize (AMM) Program

Key Takeaways:

- Grid Dynamics secures the sought-after Infra and Database Migration to Microsoft Azure Specialization, deepening its status as a Microsoft AI Cloud Partner and broadening its participation in Microsoft's AMM program. This marks the third new Microsoft Specialization for Grid Dynamics in the past six months.
- Grid Dynamics strategically amplifies its value to clients with its broader participation in AMM to support the migration of foundational infrastructure and data workloads, as well as security, in cloud and hybrid environments.
- This significant advancement and new specialization reflects the vibrant partnership between Grid Dynamics and Microsoft, fostering closer collaboration on large-scale complex cloud infrastructure and database migration programs for mutual customers.

San Ramon, Calif., October 10, 2023 – [Grid Dynamics](#) Holdings, Inc. (NASDAQ: GDYN) (Grid Dynamics), a leader in enterprise-level [digital transformation](#) services and solutions, today proudly announced it has earned the Infra and Database Migration to Microsoft Azure Specialization from Microsoft. This specialization expands Grid Dynamics' participation in Microsoft's innovative Azure Migrate and Modernize program, showcasing yet again the company's exceptional technical capabilities. The program helps accelerate and simplify clients' migration & modernization of cloud workloads and includes a range of training, services, and financial support for transformation initiatives. As a member of this exclusive program, Grid Dynamics enables its clients to accelerate time to value on cloud transformation programs—freeing up investment for more advanced & disruptive digital transformation projects with Grid Dynamics.

Achieving the notable Infra & Database Migration on Azure Specialization is a major achievement for Microsoft AI Cloud Partners, and reinforces Grid Dynamics' expertise in the migration and modernization of clients' cloud applications and workloads. The audit process leveraged historic project successes from Grid Dynamics and the recently acquired NextSphere Technologies. This accomplishment marks the third new Microsoft Specialization for Grid Dynamics in the past six months and reflects a significant milestone in the accelerating collaboration between Grid Dynamics and Microsoft, particularly for larger-scale platform migration and modernization programs.

"We are thrilled to be recognized as a specialized partner in the Azure Migrate and Modernize Program" said Rahul Bindlish, VP of Strategic Business Development. "This distinction reaffirms our commitment to helping our customers navigate the ever-evolving digital landscape. By accelerating application modernization, we empower enterprises to not only survive but thrive in today's challenging economic environment."

Microsoft's AMM has many other tangible go-to-market initiatives beyond providing training, services, and financial support. This innovative program also provides a framework for tighter collaboration with existing mutual clients as well as a collaboration framework to pursue prospective clients. Forward-Looking Statements

This communication contains "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934 that are not historical facts, and involve risks and uncertainties that could cause actual results of Grid Dynamics to differ materially from those expected and projected. These forward-looking statements can be identified by the use of forward-looking terminology, including the words "believes," "estimates," "anticipates," "expects," "intends," "plans," "may," "will," "potential," "projects," "predicts," "continue," or "should," or, in each case, their negative or other variations or comparable terminology. These forward-looking statements include, without limitation, quotations and statements regarding the benefits of membership in Microsoft's AMMP, product capabilities, and our company's future growth.

These forward-looking statements involve significant risks and uncertainties that could cause the actual results to differ materially from the expected results. Most of these factors are outside Grid Dynamics' control and are difficult to predict. Factors that may cause such differences include, but are not limited to, any factors limiting our AMMP and other product capabilities, the benefits of our products, and our company's growth and growth strategy.

Grid Dynamics cautions that the foregoing list of factors is not exclusive. Grid Dynamics cautions readers not to place undue reliance upon any forward-looking statements, which speak only as of the date made. Grid Dynamics does not undertake or accept any obligation or undertaking to release publicly any updates or revisions to any forward-looking statements to reflect any change in its expectations or any change in events, conditions or circumstances on which any such statement is based. Further information about factors that could materially affect Grid Dynamics, including its results of operations and financial condition, is set forth under the "Risk Factors" section of the Company's quarterly report on Form 10-Q filed August 3, 2023, and in other periodic filings, Grid Dynamics makes with the SEC.
